PROFESSIONAL SUMMARY

Frontend Developer with 1+ year of freelance experience leading teams and delivering 10+ production-grade web applications. Proficient in React.js, Next.js, TypeScript, and modern CSS frameworks with a strong focus on UI/UX implementation, web performance optimization, cross-browser compatibility, and scalable component architecture.

TECHNICAL SKILLS

Languages: HTML5, CSS3, JavaScript (ES6+), TypeScript, C++

Frameworks & Libraries: React.js, Next.js, Bootstrap, Tailwind CSS, SASS/SCSS

Tools & Platforms: Git, GitHub, VS Code, npm

Other: Responsive Design, REST APIs, Component-Based Architecture, SEO Best Practices, Web Performance Optimization, Cross-Browser Compatibility, Agile Workflow, UI/UX Implementation, State Management (Context API)

Productivity: Microsoft Office Suite (Word, Excel, PowerPoint, Outlook) — Advanced

Languages: Arabic (Native), English (B1 — Professional Working Proficiency)

EXPERIENCE

Freelance Frontend Developer | *Self-Employed* | 2024 – Present

- Led a team of 3 developers across 10+ freelance frontend projects, overseeing task delegation, code reviews, and on-time delivery.
- Delivered 10+ production-ready web applications using React.js and Next.js with responsive, cross-browser compatible UI.
- Optimized web performance through lazy loading, code splitting, and asset optimization — improving load times across client projects.
- Implemented complex UI components and state management using React Context API, ensuring scalable and maintainable codebases.
- Integrated RESTful APIs and third-party services into frontend applications with clean data-fetching and error-handling patterns.
- Conducted in-depth technical research to evaluate libraries and architecture decisions, reducing rework and technical debt.

PROJECTS

E-Commerce Platform — *Next.js, TypeScript, Tailwind CSS, REST API*

- Developed a full-featured e-commerce frontend with product listing, filtering, cart, and checkout flows.
- Implemented server-side rendering (SSR) and static generation (SSG) for improved SEO and performance.
- Built reusable component library reducing development time across pages by ~40%.

SOFT SKILLS

- Team Leadership — Led multiple freelance project teams from kickoff to delivery.
- Collaboration — Experienced in cross-functional teamwork with designers, clients, and developers.
- Research-Driven — Strong ability to independently investigate technical problems and find optimal solutions.
- Continuous Improvement — Consistently pursuing new skills, tools, and best practices to raise personal performance.

EDUCATION

B.Sc. Computer Science | Faculty of Science | Expected 2028

CERTIFICATIONS & COURSES

- C++ Programming — Fundamentals & Object-Oriented Programming
- Automation Testing — Tools & Workflows
